TEACHING AND SUPERVISION

Courses taught

Lewend Mayiwar

2020– present

- Judgment and Decision Making in Organizations: MSc course at BI Norwegian Business School.
- Economic Psychology: MSc course at BI Norwegian Business School.

Supervision

- 10 theses (MSc & MBA) at BI Norwegian Business School.

Grading

2021 – 2022 *Economic Psychology* (term papers), BI Norwegian Business School

2020 – 2021 *Economic Psychology* (term papers), BI Norwegian Business School

UNIVERSITY AND PROFESSIONAL SERVICES

2022 – 2024 **Local node leader**, Norwegian Reproducibility Network (www.norrn.no)
Involved in the coordination of a nationwide initiative to promote reproducibility in research. I also participated in the launch of this initiative together with researchers from the University of Oslo and Østfold University College. I have also pushed for institutional-level changes at the BI Norwegian Business School to increase their readiness for new changes in practice and requirements for transparency and reproducibility in research. To help BI meet these challenges, I helped the BI management team join NORRN as the first institutional member.

2019 – 2023 **Lead organizer**, ReproducibiliTea BI Oslo
An "open science" journal club at BI Norwegian Business School. This is part of a global collaboration to increase awareness of open science and reproducibility in research. Every month we meet to discuss emerging methodological advances in research (with a particular focus on open science methods) and their implications for our research. We also host guest talks by experts from around the world. I started the first journal club in Norway, which has now spread to other universities in Norway, such as the University of Oslo, the University of Bergen, and NTNU.

PEER REVIEW

- **Plos One** (1 article)
- **Psychological Reports** (1 article)
- **Frontiers in Psychology** (1 article)
- **Annual Meeting of the Academy of Management** (3 articles)

RESEARCH GRANTS

- **Funding for a large replication project, 2022 (NOK 70, 000).**
The project aims to replicate well-known studies in uncertainty and communication.
- **Funding for a large project on decision-making processes and problem-solving, 2021 (NOK 90,000).**

I led an application for funding for our research group, which we used to investigate the impact of negative emotions on information processing in decision-making involving risk and uncertainty.

- **RepliCATS Assessment Grant 2021 University of Melbourne (USD200)**

An international and interdisciplinary project aimed at improving practices in research evaluation, with a focus on identifying factors that predict the replicability of research studies.

LANGUAGES

- **Swedish:** Fluent (first language), verbally and in writing.
 - **English:** Fluent, verbally and in writing.
 - **Kurdish:** Mother tongue, good knowledge in reading and writing.
-
